Subject: The Canadian Avanti; June newsletter

Warmer days are finally here!

Instead of distributing a new *The Canadian Avanti* newsletter, here's an email with some upcoming (and some soon) events, and an Ontario owned Avanti for sale.

I haven't heard much from the CAO membership in a while, so hopefully you are already out and about motoring with your Avanti or are to be enjoying that again soon!

May you have many upcoming happy safe travels this warm season, possibly commencing this coming Canada Day 😊
Shawn

- From Steve our CAO President: JULY we are having a driving tour! It starts in the parking lot of the Canadian Warplane Heritage Museum (CWHM), wends it's way through tree-lined, paved, back roads of Hamilton-Wentworth, Flamborough, and Brant County to end up at The Ontario Steam Heritage Museum in the Puslinch area with a short mid-way refreshment break at a food trailer (the owner has a '60 Lark!). The Steam Museum is a truly unique venue with real interest for those historically and mechanically inclined. We are working on a diversion for those on the tour that are less enthralled with steam oil and machines with enough torque to drag your garage through a field! A tour quiz is planned and a dinner is planned at another unique venue close by. This tour is not to be forgotten! Sunday, July 10th!! Meet outside at CWHM at 12:30 pm (you could have lunch/brunch at the museum first!). Mark your calendar!!
- From Will Norton: Hi Steve, could you please pass on to your members about our 50th anniversary event? It's happening in Napanee, Ontario, on July 29th -31st 2022. All Avanti owners are invited. We have arranged for 1st-3rd Place Plaques in the Avanti Division. For more info visit our website at this link [Ontario SDC 50th Anniversary Page](#). Many thanks for sponsoring these awards. We also were donated a like-new 1963-84 Avanti front Bra (see photo). If any of your members are interested just contact me - Not looking for much - First reasonable offer takes it. Thanks again! Will Norton (613)777-5314.

- 1964 Avanti for sale, John Holtz: To all Studebaker Avanti enthusiasts, very nice 1964 Avanti for sale formerly owned by Ralph Hart then Lorne Hart. Car is in very good shape with a 289

Supercharged engine, originally R1 but converted to R2. Mileage to be confirmed but reads 10K. Paint and body excellent, engine runs fine but Powerglide transmission needs slight adjustment, upholstery excellent condition. Should need very little to pass safety. Not many 1964 Avantis made and very desirable. Price \$19,000 CDN or open to reasonable offers. Please contact John Holtz at 613-354-2039 or Cell 506-434-5264 for more info. Located near Napanee.
